

# Weddings

PLEASE HAVE A READ OF THE INFORMATION BELOW; THIS IS A GOOD STARTING POINT TO GLEAN MORE ABOUT MY WEDDING PHOTOGRAPHY.

## I provide:

**All pre-wedding meetings;** usually two. One so we can get to know each other and a second to 'walk through' your day. I produce a schedule for myself to match your timeline.

**High-resolution images** suitable for printing and low resolution for social media, without watermarks.

How many images you receive depends on how many hours I cover; six hours will yield perhaps 300 images whilst ten hours coverage will yield 500 to 600 images.

## PRICING

**Half a day's coverage;** six hours, perhaps your ceremony through to your speeches is £900. You can choose which ever six hours you wish, of course.

**Ten hours coverage** is usually sufficient to cover all of your day's celebrations; this is £1300. I will cover six to twelve hours.

It is advisable to talk through your day with me so that I can suggest how best to use my time.

These are top notch, considered images, there's nothing mediocre about this bunch.

Your images are supplied on a **memory stick** in a smart presentation case. I include a print release form that gives you permission to print from your digital files for your personal use.

A **private online gallery** to share with family and friends.

A short slideshow of the highlights of your day.

*oh to be in love  
and never get out again*

## OPTIONAL EXTRAS

## ALBUMS

I work with British company **Folio**; I love their products, they're simply beautiful and suit my style of photography. A 10 x 10 inch Folio album with thirty pages is £480 (this is my most popular album). I am generous in my design and your album will display in excess of one hundred images. Other sizes and upgrades are available.

## Questions

**YOU'VE MET ME AND YOU WISH TO BOOK ME. EXCELLENT, WHAT NEXT?**  
I request a non-refundable deposit of £200 and the date is yours.

**WHEN IS OUR BALANCE DUE?**  
I give you a polite nudge two weeks before your wedding day. We generally meet then to catch up, everything will be in place and I can create a detailed schedule for myself.

**WHEN WILL WE SEE OUR IMAGES?**  
Somewhere between three and six weeks; summer can be a bit bonkers. I take time to process your images; every digital image is tweaked, however slightly; that's the nature of the digital beast. Your images are then viewed via a private password online gallery. I'll supply the link.

**ARE YOU INSURED?**  
Yes, so is my kit and so is my assistant.
